

Breaking the Empty Nest Rules™

Who We Are

Upon sending our youngest out into the big, wide world, we set out to break the empty nest rules by selling everything and hitting the road. Along the way we rediscovered the couple who fell in love years ago. **We've been full-time travelers since 2008!**

Celebrating Life after Kids!

WHY BABY BOOMERS?

- There are more than 70 million Baby Boomers in the US (over half have adult children), 99% plan to travel in the near future, and 55% say cost is no factor. ([AARP](#))

- Boomers hold 70% of disposable income in the US, purchase 80% of luxury travel, and the majority go online every day. (Forbes)
